

Girls Group Standard of Excellence

Girls Group Standard of Excellence Poem by Carly Wilson

*Searching within myself to find the best in me
A phenomenal woman of excellence is what I strive to be
Respect and love is what I give myself and to others I will show
Because I view myself in high esteem,
a beautiful and radiant glow
I will exercise self-discipline along with self-control
And present myself as a mature young woman for everyone to behold*

*Not only will I hold myself to this standard but I have the same expectations for others
Because I am my sisters keeper and we look for one another
We can hold each other accountable
for our actions and our ways
But also be supportive when we experience rainy days*

*It is our responsibility to create and maintain
a clean and safe space
And we will do so with the utmost class, style and grace
Because I love myself and I love my sister I will do my part
In order to see the change I seek, in me is where it starts*

Girls Group Standard of Excellence

Girls Group is developing a culture of excellence among our girls, mentors, staff, supervisors, and Board. This means that we are committed to being mindful about giving our very best effort in all that we do. We work to cultivate positive attitudes that enrich the Girls Group experience for every stakeholder. We strive to go above and beyond in all of our endeavors and present the highest quality of work at all times. This is an organization-wide standard and the expectation for everyone involved in Girls Group.
